

## Carl Mendel, M.D.

### Senior Vice President, Research and Development

As, Senior Vice President, Research and Development for the TB Alliance, Dr. Carl Mendel guides and oversees and guides the organization's research and development activities.

Dr. Mendel has more than 15 years of experience in the pharmaceutical industry, with significant research and development expertise in a variety of therapeutic areas, especially in early- and late-stage clinical development. Prior to his position with the TB Alliance, Dr. Mendel most recently served as Chief Medical Officer at Synvista Therapeutics. Prior, Dr. Mendel served in roles of increasing responsibility at Merck and Co., Knoll Pharmaceuticals (a division of BASF Pharma), Aventis Pharmaceuticals, and Sanofi-Aventis. During his career, he has contributed to the successful approvals of numerous pharmaceutical products that have been launched around the world.

Dr. Mendel holds a B.A. degree from Columbia University and an M.D. degree from the University of California, San Diego. He is board certified in Internal Medicine and in Endocrinology and Metabolism. Before joining the pharmaceutical industry, he was Assistant Professor of Medicine at the University of California, San Francisco. Dr. Mendel has authored or co-authored more than 50 articles in leading scientific journals.
